Description: Subject: Permit Request for Demolition of Unpermitted Room and Bathroom in Garage

Dear Hayward City Permit Office,

I hope this letter finds you well. I am writing to formally request a permit for the demolition of a room and bathroom that were constructed in the garage of my property at 22230 Hesperian Blvd, Hayward, CA. I recently became aware that the previous owner had converted the garage without obtaining the necessary permits, and upon inspection, it was determined that the most appropriate course of action is to demolish the aforementioned unpermitted structures.

As the current owner of the property, I took immediate action to rectify the situation and hired a professional worker to demolish the unpermitted room and bathroom in the garage. I deeply regret not being aware of the requirement for a permit prior to the demolition, and I sincerely apologize for any oversight or inconvenience caused by this oversight.

After consulting with experts and professionals, I have come to understand the importance of obtaining a permit for such activities. I was advised that the proper procedure is to secure a permit for the demolition so that a thorough inspection of the garage can be conducted to ensure compliance with all relevant building codes and safety regulations.

I assure you that I am fully committed to following the correct procedures and ensuring that my property adheres to all legal requirements. I understand the significance of obtaining the necessary permits to safeguard the integrity and safety of structures, as well as to maintain the overall compliance of the property with local regulations.

Therefore, I kindly request that you grant the permit for the demolition of the unpermitted room and bathroom in the garage at the above-mentioned address. This will allow for a comprehensive inspection of the garage, ensuring that any necessary corrective measures can be taken promptly and in accordance with the applicable codes and standards.

Regards,

Jaspal Dhillon
